01/16	SAFEWAY FUEL #1449 WENATCHEE WA	35.07

Exhibit B

2.36.200 Procedure.

- (1) The assessor forwards the application(s) to the board.
- (2) The board reviews the application(s), consistent with its rules of procedure, and determines if the application(s) are complete and if the properties meet the criteria set forth in WAC [254-20-070](#) (1) and listed in WCC [2.36.110](#) through [2.36.140](#).
 - (a) If the board finds the properties meet all the criteria, then, on behalf of the city of Wenatchee, it enters into an historic preservation special valuation agreement (set forth in WAC [254-20-120](#) and in WCC [2.36.220](#)) with the owner. Upon execution of the agreement between the owner and board, the board approves the application(s).
 - (b) If the board determines the properties do not meet all the criteria, then it shall deny the application(s).
- (3) The board certifies its decisions in writing and states the facts upon which the approvals or denials are based and files copies of the certifications with the assessor.
- (4) For approved applications the board:
 - (a) Forwards copies of the agreements, applications, and supporting documentation (as required by WAC [254-20-090](#)(4) and identified in WCC [2.36.210](#)) to the assessor;
 - (b) Notifies the state review board that the properties have been approved for special valuation; and
 - (c) Monitors the properties for continued compliance with the agreements throughout the 10-year special valuation period.
- (5) The board determines, in a manner consistent with rules of procedure, whether or not properties are disqualified from special valuation either because of:
 - (a) The owner's failure to comply with the terms of the agreement; or
 - (b) A loss of historic value resulting from physical changes to the building or site.
- (6) For disqualified properties, in the event that the board concludes that a property is no longer qualified for special valuation, the board shall notify the owner, assessor and state review board in writing and state the facts supporting its findings. (Ord. 3048 § 8(B), 1994)

2.36.210 Criteria.

- (1) Historic Property Criteria. The class of historic property eligible to apply for special valuation in the city of Wenatchee means all properties listed on the National Register or certified as contributing to a National Register Historic District which have been substantially rehabilitated at a

cost and within a time period which meets the requirements set forth in Chapter [84.26RCW](#), until the city of Wenatchee becomes a certified local government (CLG).

Once a CLG, the class of property eligible to apply for special valuation in the city of Wenatchee means all properties listed on the city of Wenatchee register of historic places or properties certified as contributing to a city of Wenatchee registered historic district which have been substantially rehabilitated at a cost and within a time period which meets the requirements set forth in Chapter [84.26RCW](#).

(2) Application Criteria. Complete applications shall consist of the following documentation:

- (a) A legal description of the historic property;
- (b) Comprehensive exterior and interior photographs of the historic property before and after rehabilitation;
- (c) Architectural plans, existing architectural plans (if available) or other legible drawings depicting the completed rehabilitation work; and
- (d) A notarized affidavit attesting to the actual cost of the rehabilitation work completed prior to the date of application and the period of time during which the work was performed and documentation of both to be made available to the board upon request; and
- (e) For properties located within historic districts, in addition to the standard application documentation, a statement from the Secretary of the Interior or appropriate local official, as specified in local administrative rules or by the local government, indicating the property is a certified historic structure is required.

(3) Property Review Criteria. In its review the board shall determine if the properties meet all the following criteria:

- (a) The property is historic property;
- (b) The property is included within a class of historic properties determined eligible for special valuation by the city of Wenatchee under WCC [2.36.110](#) through [2.36.140](#);
- (c) The property has been rehabilitated at a cost which meets the definition set forth in RCW [84.26.020](#)(2) (and identified in WCC [2.36.110](#) through [2.36.140](#)) within 24 months prior to the date of application; and
- (d) The property has not been altered in any way which adversely affects those elements which qualify it as historically significant as determined by applying Washington State Advisory Council's Standards for Rehabilitation and Maintenance of Historic Properties (WAC [254-20-100](#)(1) and listed in WCC [2.36.110](#) through [2.36.140](#)).

(4) Rehabilitation and Maintenance Criteria. The Washington State Advisory Council's Standards for Rehabilitation and Maintenance of Historic Properties, also known as the Secretary of the Interior's Standards for Rehabilitation.

The following rehabilitation and maintenance standards shall be used by the board as minimum requirements for determining whether or not an historic property is eligible for special valuation and whether or not the property continues to be eligible for special valuation once it has been so classified:

(a) Rehabilitation.

(i) Every reasonable effort shall be made to provide a compatible use for an historic property which requires minimal alteration of the building, structure, or site and its environment, or to use an historic property for its original intended purpose.

(ii) The distinguishing original qualities or character of a building, structure, or site and its environment shall not be destroyed. The removal or alteration of any historic material or distinctive architectural features should be avoided when possible.

(iii) All buildings, structures, and sites shall be recognized as products of their own time. Alterations that have no historical basis and which seek to create an earlier appearance shall be discouraged.

(iv) Changes which may have taken place in the course of time are evidence of the history and development of a building, structure, or site and its environment. These changes may have acquired significance in their own right and this significance shall be recognized and respected.

(v) Distinctive stylistic features or examples of skilled craftsmanship which characterize a building, structure, or site shall be treated with sensitivity.

(vi) Deteriorated architectural features shall be repaired rather than replaced, whenever possible. In the event replacement is necessary, the new material should match the material being replaced in composition, design, color, texture, and other visual qualities.

Repair or replacement of missing architectural features should be based on accurate duplication of features, substantiated by historical, physical, or pictorial evidence rather than on conjectural designs or the availability of different architectural elements from other buildings or structures.

(vii) The surface cleaning of structures shall be undertaken with the gentlest means possible. Sandblasting and other cleaning methods that will damage the historic building materials shall not be undertaken.

(viii) Every reasonable effort shall be made to protect and preserve archaeological resources affected by, or adjacent to, any project.

(ix) Contemporary design for alterations and additions to existing properties shall not be discouraged when alterations and additions do not destroy significant historical, architectural or cultural material, and such design is compatible with the size, scale, color, material, and character of the property, neighborhood, or environment.

(x) Wherever possible, new additions or alterations to structures shall be done in such a manner that if such additions or alterations were to be removed in the future, the essential form and integrity of the structure would be unimpaired.

(b) Maintenance.

(i) Buildings and structures shall not be allowed to deteriorate beyond the point where routine maintenance and repair will return them to good condition.

(ii) Buildings shall be kept in a safe and habitable condition at all times. Structural defects and hazards shall be corrected. Any condition which constitutes a fire hazard shall be eliminated.

(iii) Buildings shall be protected against ongoing water damage due to defective roofing, flashing, glazing, caulking, or other causes. Moisture condensation resulting from inadequate heat or ventilation shall be eliminated if present at levels sufficient to promote rot or decay of building materials.

(iv) Deteriorated exterior architectural features and any broken or missing doors and windows shall be repaired or replaced.

(v) Painted exterior surfaces shall be maintained and repainted as necessary to prevent a deteriorated appearance or damage to the substrate. Exterior masonry surfaces shall be tuck pointed where required to maintain the mortar in sound condition. Finished tuck pointing shall match the original mortar joint in hardness and appearance. (Ord. 3048 § 8(C), 1994)

[Home](#) > [Tax Incentives](#) > [Before You Apply](#) > Qualified Expenses

Qualified Expenses

Not every expense associated with a rehabilitation project contributes toward the calculations for the 20% rehabilitation tax credit. In general, only those costs that are directly related to the repair or improvement of structural and architectural features of the historic building will qualify.

Costs associated with these items are generally eligible

- Walls
- Partitions
- Floors
- Ceilings
- Permanent coverings, such as paneling or tiles
- Windows and doors
- Components of central air conditioning or heating systems
- Plumbing and plumbing fixtures
- Electrical wiring and lighting fixtures
- Chimneys
- Stairs
- Escalators, elevators, sprinkler systems, fire escapes
- Other components related to the operation or maintenance of the building

Expenses that do not qualify for the rehabilitation tax credit

- Acquisition costs
- Appliances
- Cabinets

- Carpeting (if tacked in place and not glued)
- Decks (not part of original building)
- Demolition costs (removal of a building on property site)
- Fencing
- Feasibility studies
- Financing fees
- Furniture
- Landscaping
- Leasing Expenses
- Moving (building) costs (if part of acquisitions)
- New construction costs or enlargement costs (increase in total volume)
- Outdoor lighting remote from building
- Parking lot
- Paving
- Planters
- Porches and Porticos (not part of original building)
- Retaining walls
- Sidewalks
- Signage
- Storm sewer construction costs
- Window treatments

Expenses that Qualify for the Rehabilitation Tax Credit

Any expenditure for a structural component of a building will qualify for the rehabilitation tax credit. Treasury Regulation 1.48-1(e)(2) defines structural components to include walls, partitions, floors, ceilings, permanent coverings such as paneling or tiling, windows and doors, components of central air conditioning or heating systems, plumbing and plumbing fixtures, electrical wiring and lighting fixtures, chimneys, stairs, escalators, elevators, sprinkling systems, fire escapes, and other components related to the operation or maintenance of the building.

In addition to the above named "hard costs", there are "soft costs" which also qualify. These include construction period interest and taxes, architect fees, engineering fees, construction management costs, reasonable developer fees, and any other fees paid that would normally be charged to a capital account.

Are solar panels, wind turbines or geothermal systems eligible expenses?

Because IRS regulations define structural components to include all features (whether in, on, or adjacent to the building) of a central air conditioning or heating system, plumbing and plumbing fixtures, electric wiring, and other components relating to the operation or maintenance of a building, the function and purpose of a renewable energy system will determine if it is an eligible expense. Solar panels, wind turbines, and geothermal systems that are essential to the operation or maintenance of the rehabilitated historic building should qualify for this tax credit. However, systems that produce electricity to back feed the power grid may not qualify.

**STAFF REPORT
HP-18-14, 109 S FRANKLIN AVE**

TO: Wenatchee Historic Preservation Board
FROM: City of Wenatchee Community Development Staff
RE: Review for Special Property Tax Valuation for 109 S Franklin Ave
DATE: November 28, 2018

I. SUMMARY OF REQUEST

Description of Request:

An application was submitted for special property tax valuation for improvements to the property. The property is identified as a contributing property to the Grandview Historic District. Application materials are attached as Exhibit A.

II. GENERAL INFORMATION

Applicant: Micky and Amy Jennings
109 S. Franklin Avenue, Wenatchee WA 98801
Department Review: City of Wenatchee Community Development Staff

Location and/or legal description: The subject property is located at 109 S Franklin Avet, Wenatchee, WA and legally described as GRANDVIEW TO WENATCHEE BLOCK 64 LOT 28 & N3' LOT 27 0.1500 ACRES. The parcel is identified as Assessor's Parcel Number: 222010586400.

Zoning District: Residential Moderate (RM), Grandview Historic District (GHD) Overlay

Comprehensive Plan Designation: RM and GHD

Application Date: A complete application was submitted to the Chelan County Assessor of October 1, 2018. The application was forwarded to the City on October 19, 2019 and determined complete on November 8, 2018.

History: The house at 109 S. Franklin Avenue stands on Block 64 of the Grand View Addition to Wenatchee, platted in 1903. Development on the block took shape slowly over the first two decades of the 20th century. By 1921, about half of the lots contained a single-family home with a garage on the alley.

This particular parcel appears to have been developed in the mid-1920s. Sanborn maps for 1928 show the house in its current configuration, with a small garage along the alley, now removed and replaced.

R.L. Polk city directories for 1929-30 give Vernon and Eugenia Wright as the owner-occupants at this address. Vernon is described as the president of Wright Electric Co.

1940 directories list the widow Wright as the homeowner. Don L. Wright, perhaps a son, is listed as a boarder and described as a meter man for the City Water Department.

This property contributes to the character of the neighborhood, and is notable for its brick exterior and modest Craftsman/Colonial Revival detail. (Source: Historic Property Inventory Form, State of WA, Department of Community Development Office of Archaeology).

Physical Appearance: A single-story brick masonry cottage with low-pitched side gable roof, square in plan. Centered front porch has gabled roof with shaped purlin detail, tapered wood posts, and brick steps trimmed with concrete. Six-over-one light sash.

Open front yard with mature spruce tree. Original concrete walkway. Gravel drive off Franklin led to original wood garage. Large newer double-wide garage built on alley. Paved parking in back yard. (Source: Historic Property Inventory Form, State of WA, Department of Community Development Office of Archaeology).

III. NOTICE AND PUBLIC COMMENT

The Notice of application and the December 5, 2018 hearing notice before the Wenatchee Historic Preservation Board was posted on the subject property, mailed to surrounding property owners, and published in the newspaper in accordance with the requirements of Title 13, Wenatchee City Code (WCC).

IV. APPLICABLE POLICIES AND STANDARDS

The City Code of Sections 2.36.200 and 210 outline the procedures and criteria used to review applications for special tax valuation. These code sections are attached to this report as Exhibit B.

Purpose

WCC 10.40.060 Grandview historic district (GHD). The purpose of the Grandview Historic District overlay is to implement special design and review standards that protect and promote the historic character of the Grandview Historic District designated to the City of Wenatchee Register of Historic Places pursuant to Chapter 2.36 WCC.

Process

WCC 13.09.050 Type III quasi-judicial review of applications.

(1) Type III quasi-judicial review shall be used when the development or use proposed under the application requires a public hearing before a hearing body which will generally be the historic preservation board or the hearing examiner. This type of review includes, but is not limited to, the following:

(g) Certificates of appropriateness or waivers.

Authority

WCC 10.40.060(5) Actions Subject to Historic Preservation Board Approval. The following actions shall be subject to the review of the historic preservation board in accordance with WCC 2.36.170 for compliance with applicable provisions of the Grandview Historic District Preservation Handbook. All decisions of the historic preservation board are subject to appeal in accordance with Chapter 13.11 WCC, Appeals.

Wenatchee City Code 2.36.210(2) Application Criteria.

Complete applications shall consist of the following documentation:

- (a) A legal description of the historic property;
- (b) Comprehensive exterior and interior photographs of the historic property before and after rehabilitation;
- (c) Architectural plans, existing architectural plans (if available) or other legible drawings depicting the completed rehabilitation work; and
- (d) A notarized affidavit attesting to the actual cost of the rehabilitation work completed prior to the date of application and the period of time during which the work was performed and documentation of both to be made available to the board upon request; and
- (e) For properties located within historic districts, in addition to the standard application documentation, a statement from the Secretary of the Interior or appropriate local official, as specified in local administrative rules or by the local government, indicating the property is a certified historic structure is required.

Staff Analysis: The applicant submitted a complete application including all the items identified in Section 2.36.210(2).

Wenatchee City Code 2.36.210(3) Property Review Criteria.

In its review the board shall determine if the properties meet all the following criteria:

- (a) The property is historic property;
- (b) The property is included within a class of historic properties determined eligible for special valuation by the city of Wenatchee under WCC 2.36.110 through 2.36.140;
- (c) The property has been rehabilitated at a cost which meets the definition set forth in RCW 84.26.020(2) (and identified in WCC 2.36.110 through 2.36.140) within 24 months prior to the date of application; and

(d) The property has not been altered in any way which adversely affects those elements which qualify it as historically significant as determined by applying Washington State Advisory Council's Standards for Rehabilitation and Maintenance of Historic Properties (WAC 254-20-100(1) and listed in WCC 2.36.110 through 2.36.140).

Staff Analysis: The property is identified as a contributing property to the Grandview Historic District making it eligible for special valuation. The building has been rehabilitated at cost that is at least 25 percent of the assessed valuation of the building prior to the rehabilitation.

Wenatchee City Code 2.36.210(4) Rehabilitation and Maintenance Criteria.

The Washington State Advisory Council's Standards for Rehabilitation and Maintenance of Historic Properties, also known as the Secretary of the Interior's Standards for Rehabilitation.

The following rehabilitation and maintenance standards shall be used by the board as minimum requirements for determining whether or not an historic property is eligible for special valuation and whether or not the property continues to be eligible for special valuation once it has been so classified:

(a) Rehabilitation.

- (i) Every reasonable effort shall be made to provide a compatible use for an historic property which requires minimal alteration of the building, structure, or site and its environment, or to use an historic property for its original intended purpose.
- (ii) The distinguishing original qualities or character of a building, structure, or site and its environment shall not be destroyed. The removal or alteration of any historic material or distinctive architectural features should be avoided when possible.
- (iii) All buildings, structures, and sites shall be recognized as products of their own time. Alterations that have no historical basis and which seek to create an earlier appearance shall be discouraged.
- (iv) Changes which may have taken place in the course of time are evidence of the history and development of a building, structure, or site and its environment. These changes may have acquired significance in their own right and this significance shall be recognized and respected.
- (v) Distinctive stylistic features or examples of skilled craftsmanship which characterize a building, structure, or site shall be treated with sensitivity.
- (vi) Deteriorated architectural features shall be repaired rather than replaced, whenever possible. In the event replacement is necessary, the new material should match the material being replaced in composition, design, color, texture, and other visual qualities.

Repair or replacement of missing architectural features should be based on accurate duplication of features, substantiated by historical, physical, or pictorial evidence rather than on conjectural designs or the availability of different architectural elements from other buildings or structures.

(vii) The surface cleaning of structures shall be undertaken with the gentlest means possible. Sandblasting and other cleaning methods that will damage the historic building materials shall not be undertaken.

(viii) Every reasonable effort shall be made to protect and preserve archaeological resources affected by, or adjacent to, any project.

(ix) Contemporary design for alterations and additions to existing properties shall not be discouraged when alterations and additions do not destroy significant historical, architectural or cultural material, and such design is compatible with the size, scale, color, material, and character of the property, neighborhood, or environment.

(x) Wherever possible, new additions or alterations to structures shall be done in such a manner that if such additions or alterations were to be removed in the future, the essential form and integrity of the structure would be unimpaired.

Staff Analysis: The applicants have undertaken a remodel of the historic building. Rehabilitation of the property is consistent with the review criteria in Section 2.36.210(4).

Policies - Wenatchee Urban Area Comprehensive Plan

CULTURAL AND HISTORIC RESOURCES ELEMENT

HISTORIC PRESERVATION - Preserve, maintain and honor the city's significant historic resources.

Policy 2: Protect and enhance the aesthetic and economic vitality of historic buildings, structures, sites, districts and objects through the development and implementation of appropriate design guidelines.

Policy 3: Identify and implement incentives to private property owners for the preservation and rehabilitation of historic buildings, structures, sites, districts and objects.

Policy 7: Promote historic preservation to provide for the identification, evaluation, and protection of historic resources within the City of Wenatchee and preserve and rehabilitate eligible historic properties within the City for future generations.

HOUSING ELEMENT

MAINTENANCE & PRESERVATION - Preserve and enhance the value and character of neighborhoods by improving and extending the life of the existing housing inventory. Give special priority to the maintenance of historic properties and the retention of existing affordable housing stock.

Policy 1: Preserve and protect older neighborhoods that demonstrate continuing residential viability.

Policy 2: Encourage private reinvestment in homes and neighborhoods by providing information, technical assistance, and referrals to appropriate agencies and organizations.

Staff Analysis: The property is identified as a contributing structure to the Grandview Historic District which classifies it as eligible for special valuation which is an incentive to the property owner to rehabilitate the historic building.

VI. RECOMMENDATION

The applicant has requested special valuation for 109 S Franklin Ave. The rehabilitation of the property began on August 31, 2016 and was completed on August 31, 2018. Qualifying expenses were determined using the guidelines from the U.S. Department of the Interior for the federal rehabilitation tax credit provided as Exhibit C.

The applicant provided documentation for costs incurred during the rehabilitation process. The total amount of money spent on completed projects toward the rehabilitation of the property totaled \$37,764.60, per the application form and documentation provided by the applicant. Staff compared the expenditures to the guidelines from the U.S. Department of the Interior for the federal rehabilitation tax credit to determine the total qualifying expenses. The federal guidelines state that qualifying expenses are “any expenditure for a structural component of the building...” and completed within 24 months of the date of application.

The total of qualifying expenses for actual costs incurred is \$37,764.60. The assessed value for the building prior to rehabilitation was \$136,909 as verified by the Chelan County Assessor’s office. The actual cost of rehabilitation equated to 27.58 percent of the assessed value.

The rehabilitation work has occurred at an actual cost of greater than 25 percent of the assessed value of the building prior to rehabilitation and therefore qualifies to receive special valuation based on the criteria reviewed in Wenatchee City Code Section 2.36.210.

Draft Motion: I move to approve HP-18-14, request for Special Property Tax Valuation for 109 S Franklin Ave based upon the findings of fact and conclusions of law contained within the November 28, 2018 staff report.

Suggested Findings of Fact:

1. The subject property is located at 109 S Franklin Ave, Wenatchee, WA and is identified as Assessor Parcel Number: 222010586400.
2. The applicant and owners are Micky and Amy Jennings.
3. The subject property is identified as a contributing property within the Grandview Historic District.
4. The building is described in the Historic Property Inventory as a single-story brick masonry cottage with low-pitched side gable roof, square in plan. Centered front

porch has gabled roof with shaped purlin detail, tapered wood posts, and brick steps trimmed with concrete. Six-over-one light sash.

5. The application was determined complete on November 8, 2018.
6. The application materials identify all the work completed and provided documentation of eligible expenditures.
7. Appropriate notice was accomplished in accordance with Wenatchee City Code.
8. Wenatchee Historic Preservation Board is empowered by Wenatchee City Code (WCC), Title 2 and Title 10 with the ability to hear and make decisions on matters relating to Historic Preservation within the City of Wenatchee.
9. On December 5, 2018, the Wenatchee Historic Preservation Board held a duly advertised public hearing on the request for special tax valuation for 109 S Franklin Ave, Wenatchee, WA.
10. Any Conclusion of Law that is more correctly a Finding of Fact is hereby incorporated as such by this reference.
11. The Historic Preservation Goal of the Cultural and Historic Resources Element of the City of Wenatchee Urban Area Comprehensive Plan states: "Preserve, maintain and honor the city's significant historic resources". And Policy 2: Protect and enhance the aesthetic and economic vitality of historic buildings, structures, sites, districts and objects through the development and implementation of appropriate design guidelines.
12. The total of qualifying expenses for actual costs incurred was \$37,764.20. The assessed value for the building prior to rehabilitation is \$136,909 as verified by the Chelan County Assessor's office. The actual cost of rehabilitation equated to 27.58 percent of the assessed value.
13. The rehabilitation work has occurred at an actual cost of greater than 25 percent of the assessed value of the building prior to rehabilitation and qualifies to receive special valuation based on the criteria reviewed in Wenatchee City Code Section 2.36.210.
14. The application is consistent with the special property tax valuation criteria in Section 2.36.210 WCC

Suggested Conclusions of Law:

1. The Historic Preservation Board has been granted authority to render this Decision.
2. The proposal does not adversely alter the historic stylistic and architectural features of the subject property as may be visible to the surrounding properties or the District and provides for the reasonable use of the property.
3. The application is consistent with intent and purpose of the Grandview Historic District Preservation Handbook.
4. Any Finding of Fact that is more correctly a Conclusion of Law is hereby incorporated as such by this reference.
5. The application is consistent with the goals and policies of the Wenatchee Urban Area Comprehensive Plan.

Project Narratives

Rehabilitation Projects

1. Electrical
2. Exterior Paint
3. HVAC System
4. Masonry
5. Windows

We purchased our home in late January 2014. It needed a lot of work, but we fell in love with this historic neighborhood and being a part of preserving that history.

These projects were all completed August 2016 to August 2018. Some of the invoices were dated and paid September 2018. These descriptions and cost totals do not reflect most of the work we have done ourselves nor the cost of materials, tools, or time. Rather these are narratives of the larger projects we have hired contractors to help us with.

1. Electrical

We upgraded the main electrical service from 100 amp to 200 amp to improve safety and allow for further electrical updates in the home including the new HVAC system. Apple City Electric completed this project 8/31/16 and charged \$2,059.60.

Before:

After:

2. Heating, Ventilation, and Air Conditioning System

The previous furnace was installed as an oil burning unit and at some point, was converted to natural gas. The system was very inefficient. The ductwork was pieced together over the years with the majority being done in the 1950s to 1960s. Multiple holes were cut in the original brick wall to allow for duct alterations. The ductwork posed issues with head clearance in the basement in several locations and was unsightly to the home's historic architecture.

We removed all previous existing ductwork and replaced the oil/natural gas furnace with an energy efficient high-performance Mitsubishi heat pump. The new unit saves space in the basement and the new ductwork is hidden in the floor joints to improve visual appeal. The inefficient heat registers were moved to more efficient locations throughout the house that align with modern standards. The new unit also allows for air conditioning during warmer months so that we do not have to depend on unappealing window units that again distract from the home's original architecture. Additionally, the Mitsubishi HVAC system is one of the quietest on the market which will help restore the ambiance of a quiet historic neighborhood. We strategically placed the unit on the back of the house so that it cannot be seen from the street view.

Patriot Plumbing, Heating & Cooling, Inc. completed this project in March 2017 and charged \$20,592.75.

Before:

Previous ductwork

After:

Outdoor unit

Indoor unit

New ductwork

3. Exterior Paint

When we purchased the home in January 2014 it was covered in ivy. We removed the ivy to find the eaves and soffit areas neglected for decades. The roof of the porch over the front door specifically was found to be rotten and all the wood needed replacing. Also, the existing paint tested positive for lead. We removed rotten wood ourselves and replaced with cedar tongue and groove boards to match the original design. We also re-roofed the area over the porch ourselves. We hired NC Painting, Inc. to properly remove the lead paint, seal, prime, and paint the eaves, soffits, and window trim. They completed this project in September 2016 and charged \$8,442.32.

During the summer of 2017, we painted the foundation of the house ourselves using DryLock to properly seal and prevent moisture from coming into the basement. We spent \$252.29 at Rodda Paint. We then again hired NC Painting, Inc. to paint the front porch. They completed this project in September 2017 and charged \$899.72.

Before:

After:

4. Masonry

Exterior Masonry: After we had the new Mitsubishi HVAC system installed, we no longer needed the wall AC unit that was improperly installed into the brick wall on the front side of the house. We removed this unit and hired Peter Faulkner Masonry, Inc. to take loose bricks off the original oil chimney and cap the chimney. He used these bricks as well as bricks from the old fallen garage to patch the hole in the front of the house where the AC unit was removed. He also repointed mortar around the exterior of the home to patch areas that were damaged from the vines originally covering the home. This project was completed in September 2017 and cost \$1,029.80.

Before:

After:

The design in the brick matches the original design that is also on the existing chimney.

Interior Masonry: The previous ductwork of the old furnace left various holes in an interior brick wall in the basement. Peter Faulkner Masonry, Inc used reclaimed brick from the old fallen garage to patch these holes. This project was completed in August 2018 and cost \$707.85.

Before:

After:

5. Windows

We replaced non-original, nonconforming windows in the living room and the kitchen with new wood windows that are more compatible with the era of the home. In the living room, wood paneling was hiding the original windows on either side of the fireplace chimney. We removed the paneling to find glass blocks in the opening. We replaced the blocks with wood windows with a 6-square grid to match the original bedroom windows. In the kitchen, we restored the window to the original size with 3 double-hung windows with mullions in between each.

We purchased custom windows through Community Glass for \$2,813.83. Steven Fries Company installed the windows and framed them in appropriately in August 2018 and charged \$966.04.

Exhibit B

2.36.200 Procedure.

- (1) The assessor forwards the application(s) to the board.
- (2) The board reviews the application(s), consistent with its rules of procedure, and determines if the application(s) are complete and if the properties meet the criteria set forth in WAC [254-20-070](#) (1) and listed in WCC [2.36.110](#) through [2.36.140](#).
 - (a) If the board finds the properties meet all the criteria, then, on behalf of the city of Wenatchee, it enters into an historic preservation special valuation agreement (set forth in WAC [254-20-120](#) and in WCC [2.36.220](#)) with the owner. Upon execution of the agreement between the owner and board, the board approves the application(s).
 - (b) If the board determines the properties do not meet all the criteria, then it shall deny the application(s).
- (3) The board certifies its decisions in writing and states the facts upon which the approvals or denials are based and files copies of the certifications with the assessor.
- (4) For approved applications the board:
 - (a) Forwards copies of the agreements, applications, and supporting documentation (as required by WAC [254-20-090](#)(4) and identified in WCC [2.36.210](#)) to the assessor;
 - (b) Notifies the state review board that the properties have been approved for special valuation; and
 - (c) Monitors the properties for continued compliance with the agreements throughout the 10-year special valuation period.
- (5) The board determines, in a manner consistent with rules of procedure, whether or not properties are disqualified from special valuation either because of:
 - (a) The owner's failure to comply with the terms of the agreement; or
 - (b) A loss of historic value resulting from physical changes to the building or site.
- (6) For disqualified properties, in the event that the board concludes that a property is no longer qualified for special valuation, the board shall notify the owner, assessor and state review board in writing and state the facts supporting its findings. (Ord. 3048 § 8(B), 1994)

2.36.210 Criteria.

- (1) Historic Property Criteria. The class of historic property eligible to apply for special valuation in the city of Wenatchee means all properties listed on the National Register or certified as contributing to a National Register Historic District which have been substantially rehabilitated at a

cost and within a time period which meets the requirements set forth in Chapter [84.26RCW](#), until the city of Wenatchee becomes a certified local government (CLG).

Once a CLG, the class of property eligible to apply for special valuation in the city of Wenatchee means all properties listed on the city of Wenatchee register of historic places or properties certified as contributing to a city of Wenatchee registered historic district which have been substantially rehabilitated at a cost and within a time period which meets the requirements set forth in Chapter [84.26RCW](#).

(2) Application Criteria. Complete applications shall consist of the following documentation:

- (a) A legal description of the historic property;
- (b) Comprehensive exterior and interior photographs of the historic property before and after rehabilitation;
- (c) Architectural plans, existing architectural plans (if available) or other legible drawings depicting the completed rehabilitation work; and
- (d) A notarized affidavit attesting to the actual cost of the rehabilitation work completed prior to the date of application and the period of time during which the work was performed and documentation of both to be made available to the board upon request; and
- (e) For properties located within historic districts, in addition to the standard application documentation, a statement from the Secretary of the Interior or appropriate local official, as specified in local administrative rules or by the local government, indicating the property is a certified historic structure is required.

(3) Property Review Criteria. In its review the board shall determine if the properties meet all the following criteria:

- (a) The property is historic property;
- (b) The property is included within a class of historic properties determined eligible for special valuation by the city of Wenatchee under WCC [2.36.110](#) through [2.36.140](#);
- (c) The property has been rehabilitated at a cost which meets the definition set forth in RCW [84.26.020](#)(2) (and identified in WCC [2.36.110](#) through [2.36.140](#)) within 24 months prior to the date of application; and
- (d) The property has not been altered in any way which adversely affects those elements which qualify it as historically significant as determined by applying Washington State Advisory Council's Standards for Rehabilitation and Maintenance of Historic Properties (WAC [254-20-100](#)(1) and listed in WCC [2.36.110](#) through [2.36.140](#)).

(4) Rehabilitation and Maintenance Criteria. The Washington State Advisory Council's Standards for Rehabilitation and Maintenance of Historic Properties, also known as the Secretary of the Interior's Standards for Rehabilitation.

The following rehabilitation and maintenance standards shall be used by the board as minimum requirements for determining whether or not an historic property is eligible for special valuation and whether or not the property continues to be eligible for special valuation once it has been so classified:

(a) Rehabilitation.

(i) Every reasonable effort shall be made to provide a compatible use for an historic property which requires minimal alteration of the building, structure, or site and its environment, or to use an historic property for its original intended purpose.

(ii) The distinguishing original qualities or character of a building, structure, or site and its environment shall not be destroyed. The removal or alteration of any historic material or distinctive architectural features should be avoided when possible.

(iii) All buildings, structures, and sites shall be recognized as products of their own time. Alterations that have no historical basis and which seek to create an earlier appearance shall be discouraged.

(iv) Changes which may have taken place in the course of time are evidence of the history and development of a building, structure, or site and its environment. These changes may have acquired significance in their own right and this significance shall be recognized and respected.

(v) Distinctive stylistic features or examples of skilled craftsmanship which characterize a building, structure, or site shall be treated with sensitivity.

(vi) Deteriorated architectural features shall be repaired rather than replaced, whenever possible. In the event replacement is necessary, the new material should match the material being replaced in composition, design, color, texture, and other visual qualities.

Repair or replacement of missing architectural features should be based on accurate duplication of features, substantiated by historical, physical, or pictorial evidence rather than on conjectural designs or the availability of different architectural elements from other buildings or structures.

(vii) The surface cleaning of structures shall be undertaken with the gentlest means possible. Sandblasting and other cleaning methods that will damage the historic building materials shall not be undertaken.

(viii) Every reasonable effort shall be made to protect and preserve archaeological resources affected by, or adjacent to, any project.

(ix) Contemporary design for alterations and additions to existing properties shall not be discouraged when alterations and additions do not destroy significant historical, architectural or cultural material, and such design is compatible with the size, scale, color, material, and character of the property, neighborhood, or environment.

(x) Wherever possible, new additions or alterations to structures shall be done in such a manner that if such additions or alterations were to be removed in the future, the essential form and integrity of the structure would be unimpaired.

(b) Maintenance.

(i) Buildings and structures shall not be allowed to deteriorate beyond the point where routine maintenance and repair will return them to good condition.

(ii) Buildings shall be kept in a safe and habitable condition at all times. Structural defects and hazards shall be corrected. Any condition which constitutes a fire hazard shall be eliminated.

(iii) Buildings shall be protected against ongoing water damage due to defective roofing, flashing, glazing, caulking, or other causes. Moisture condensation resulting from inadequate heat or ventilation shall be eliminated if present at levels sufficient to promote rot or decay of building materials.

(iv) Deteriorated exterior architectural features and any broken or missing doors and windows shall be repaired or replaced.

(v) Painted exterior surfaces shall be maintained and repainted as necessary to prevent a deteriorated appearance or damage to the substrate. Exterior masonry surfaces shall be tuck pointed where required to maintain the mortar in sound condition. Finished tuck pointing shall match the original mortar joint in hardness and appearance. (Ord. 3048 § 8(C), 1994)

Qualified Expenses

Not every expense associated with a rehabilitation project contributes toward the calculations for the 20% rehabilitation tax credit. In general, only those costs that are directly related to the repair or improvement of structural and architectural features of the historic building will qualify.

Costs associated with these items are generally eligible

- Walls
- Partitions
- Floors
- Ceilings
- Permanent coverings, such as paneling or tiles
- Windows and doors
- Components of central air conditioning or heating systems
- Plumbing and plumbing fixtures
- Electrical wiring and lighting fixtures
- Chimneys
- Stairs
- Escalators, elevators, sprinkler systems, fire escapes
- Other components related to the operation or maintenance of the building

Expenses that do not qualify for the rehabilitation tax credit

- Acquisition costs
- Appliances
- Cabinets

- Carpeting (if tacked in place and not glued)
- Decks (not part of original building)
- Demolition costs (removal of a building on property site)
- Fencing
- Feasibility studies
- Financing fees
- Furniture
- Landscaping
- Leasing Expenses
- Moving (building) costs (if part of acquisitions)
- New construction costs or enlargement costs (increase in total volume)
- Outdoor lighting remote from building
- Parking lot
- Paving
- Planters
- Porches and Porticos (not part of original building)
- Retaining walls
- Sidewalks
- Signage
- Storm sewer construction costs
- Window treatments

Expenses that Qualify for the Rehabilitation Tax Credit

Any expenditure for a structural component of a building will qualify for the rehabilitation tax credit. Treasury Regulation 1.48-1(e)(2) defines structural components to include walls, partitions, floors, ceilings, permanent coverings such as paneling or tiling, windows and doors, components of central air conditioning or heating systems, plumbing and plumbing fixtures, electrical wiring and lighting fixtures, chimneys, stairs, escalators, elevators, sprinkling systems, fire escapes, and other components related to the operation or maintenance of the building.

In addition to the above named "hard costs", there are "soft costs" which also qualify. These include construction period interest and taxes, architect fees, engineering fees, construction management costs, reasonable developer fees, and any other fees paid that would normally be charged to a capital account.

Are solar panels, wind turbines or geothermal systems eligible expenses?

Because IRS regulations define structural components to include all features (whether in, on, or adjacent to the building) of a central air conditioning or heating system, plumbing and plumbing fixtures, electric wiring, and other components relating to the operation or maintenance of a building, the function and purpose of a renewable energy system will determine if it is an eligible expense. Solar panels, wind turbines, and geothermal systems that are essential to the operation or maintenance of the rehabilitated historic building should qualify for this tax credit. However, systems that produce electricity to back feed the power grid may not qualify.
