Re: Support for the Apple Capital Loop INFRA Grant

Dear Secretary Buttigieg:

On behalf of the citizens and businesses of East Wenatchee, we urge support for the City of Wenatchee's application for the Apple Capital Loop INFRA grant. We wholeheartedly believe this grant, if provided, will significantly advance this valley's vision for a vibrant north central Washington, and create ladders of opportunity across geographic, political, and cultural boundaries. The Apple Capital Loop project is the result of years of planning by regional jurisdictions and broad community engagement in the Wenatchee Valley. The Apple Capital Loop supports economic vitality on a local, regional, and national level by bringing together four vital, interconnected projects that comprise the backbone of our regional transportation network, and the local component of the National Highway Freight Network (NHFN).

Specifically, this multi-modal network of projects will yield improved safety, system reliability, and congestion relief coordinated with deployment of a modernized, rapid-charge battery electric commuter transit system with faster speed and increased frequency. The impacts of climate change and recent fire events underscore the important safety element to implementing this project. The Wenatchee Valley, surrounded by publicly owned forest lands, experienced extreme wildfires in 2014 and 2015. The Sleepy Hollow fire burned more than 30 acres within the City's urban core. These events impact the entire region but especially our most vulnerable populations which are more susceptible to wildfires, floods, and other natural disasters. The Apple Capital Loop will enhance our ability to respond to future emergencies and safely evacuate citizens, particularly through the Confluence Parkway bypass segment.

This INFRA grant will be combined with more than \$100 million of other local public and private funding to complete the Apple Capital Loop. It will leverage more than \$200 million of investments by our agricultural sector in production, storage, and transportation. This INFRA

Grant will significantly advance the health, safety, and economic welfare of this community for decades to come. We are rural, we don't have the benefit of an interstate and this project provides opportunities to highlight the ability of a region to come together and use federal, state, and local funding in an efficient and effective manner. The region's future depends on the completion of the Apple Capital Loop.

Thank you for your consideration of this application.

Sincerely,

A handwritten signature in blue ink that reads "Jerrilea Crawford". The signature is written in a cursive style with a large initial "J" and a long, sweeping underline.

Jerrilea Crawford
Mayor, East Wenatchee
